

how did you feel after visiting the 1 hotel?

How did I feel after visiting 1 hotel? Well, I really loved it. I love the fact that the hotel recycles, reuses objects, and their environment is peaceful. Something that was interesting was about the use of a tablet to call for attendance. I mean, I really didn't like that because for me, using a phone to call is better than using a tablet, because what if one day the Internet is slow or its not even working, what would you do? see, that's something that nobody would like. I also loved their restaurant. it was peaceful, I didn't taste their food but I know it's good. also, I loved how the rooms are decorated and it's well organized.
