Sanjive-

I hope you had a great summer. I am working on developing an interdisciplinary course with Prof. Christopher Swift in the Humanities Department. It is an existing course on the history of theater that we are turning into an ID course to be initially taught in the spring of 2016. In order to submit our application the college is requesting evidence of approval from our dept. chair in the form of an email. Could you provide this?

Thanks!

Ting
