Hi Diana,

I might be able to do this, but I need to know time and day. This semester I have a lot of meetings already in the calendar.

Subject: Guest lecture in Sociology of Education

Dear Pa,

I hope 2018 is off to a good start.

I am developing a proposal to designate SOC 2380: Sociology of Education as an interdisciplinary course. Given your background and especially because you have been teaching Child Psychology, I thought you would bring important psychological insights to this course in the form of a guest lecture.

I fully understand if you cannot do it--guest lectures can be quite time consuming. But if you are available, it is also possible to swap guest lectures with Judith Sedaitis who will be the instructor for the course.

Please let me know if you are available. Thank you very much in advance.

Warm regards,  
Diana
