Dear Professor Kezerashvili,

Thank you for your invitation to be the guest speaker for the interdisciplinary course "Principles of Modern Physics". I carefully read and analyzed the syllabus of the course that consists from the three parts: Quantum Theory, Nuclei, Radioactivity, Elementary Particles, Relativity and Cosmology.

I accept your invitation and with a great pleasure would be a guest speaker for this course and will give the lecture: "**Relativity and its application for the Global Positioning System (GPS).**"

As follows, from the syllabus, the lecture is scheduled at the 14 week each semester and I will do my best to accommodate my schedule to be available to conduct the class.

Sincerely,
