

LIB/ARCH 2205, Learning Places Evaluation

This form is designed to gather your feedback about the learning and instruction in this course. It is confidential and the only ones who will see it are your instructors. Do not write your name on the form. Your honest and constructive opinion will be useful for making adjustments in future classes.

1. What are the 2-3 most important things you learned in this class?
2. What worked well for you in this class in terms of your learning?
3. What challenges did you face in this class in terms of your learning?
4. Is there anything that could improve your learning in the class? Please give specific, constructive feedback.
5. About how much of the assigned reading did you complete?
 - 100%
 - 90%
 - 75%
 - 50%
 - <50%

- ☐ 1-2 hours
- ☐ 3-4 hours
- ☐ 5 or more hours

Classroom activities and assignments. How much did the following activities help your learning?

	A lot of help	Some help	Very little help	No help at all	No opinion
Lecture presentations	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
In class group work/discussion	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Reading and blog writing	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Field trips and site visits	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Site visits and site reports	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Research/presentation assignments	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

- This course is interdisciplinary and the professors bring their individual knowledge and skill sets to class work. It is our aim to inform students about the connections between architecture, theatre, and research. How well did the assignments below *integrate* the concepts and methodologies of the three disciplines?

[illegible]

- As a result of your work in this class, how well do you think that you understand each of the following areas/topics?

[illegible]
