Subject: RE: Special Topics ID Course

Dear Susan,

Thank you for this wonderful work on an ID course. Looking forward to having it run this Spring.

Liz

Subject: Special Topics ID Course

Dear Liz,

To follow up on our previous conversations regarding my co-teaching of the Special Topics ID, I am providing more information for your approval. The course was adapted from LIB/ARCH 2205 Learning Places: Understanding the City and was developed over the summer with Amanda L. Almond in Social Sciences, to be co-taught with her in Spring 2019. The course is housed in and scheduled by the library. I will let you know as soon as it is scheduled. Thank you.

Regards,
Susan
