To whom it may concern:

I have known Ms. Rizzo as a Registered Nurse in the Labor and Delivery unit at Woodhull Hospital for two and a half years. During this time, I found her to be a conscientious nurse, who is eager to learn and a patient advocate. She communicates well with providers, peers and patients. She is a team player, who uses her initiative to assist others. It is a joy to work with Ms. Rizzo and will be an asset to your team.

Sincerely yours,

  
Rosetta Apisiga R.N.
