

To Whom it May Concern:

This is to certify that Irma Lomashvili have completed internship program at SLIMDENTAL - Murray Hill. She exceeded our expectations and has become an integral part of team this summer.

Some of the clinical expectations that she excelled:

- Ability to perform the general functions as an Intern of Dental Hygiene Program.
- She participated in the dental treatment of patients by performing dental prophylaxis.
- Set-up instruments and other equipment.
- Instruct and educate patients on proper dental care and proper diet for good oral health.
- Assist staff in care coordination and care plan review and in developing dental department policies and procedures.
- Assist in implementing and compliance with standards and recommendations of HIPPA.
- Take and mount radiographs and Maintain records on dental status of patients and services rendered.
- Clean and sterilize instruments, requisition supplies as required.

In a short period of time, it is of great pleasure working with Irma, she demonstrated dependability through flexibility, punctuality and attendance and the ability to comply with established policies and procedures, she is also able to work with coworkers, patients, and other members of the healthcare team. She has an excellent ability to work in a team of healthcare professionals.

We at SLIMDENTAL wish her luck in her dental hygiene career.

Kinds Regards,

  
Quindy Milla
