

Augmented Reality

GOALS

- Develop an understanding of what Augmented Reality is
- Articulate the different delivery methods of Augmented Reality
- Understand the different contexts in which AR is utilized
- Ideate future possibilities for the technology

CONTEXTS

- Gaming
- Fashion
- Information
- Art
- Development
- Medical

AR vs VR

Augmented Reality	Virtual Reality

Augmented Reality

- [DanKam](#): [Video](#)
- [Layar](#) (development)
- [junaio](#): [Video](#)

Virtual Reality

- [Oculus Rift](#):
- [Virtuix Omni](#): [Video](#)
