To Whom It May Concern,

I am writing this letter of recommendation on behalf of Mr. Jawwad Butt.

Mr. Butt was a student in my Nursing Research class, Spring 2014 at CUNY City College of Technology. During the semester he demonstrated a strong sense of dedication to his studies, and his final grade reflected his dedication to expanding his knowledge.

As a member of the class he showed support to his classmates. His support was exemplified in taking the lead on presenting team projects, and by taking an active part in group discussion projects. During the class he was able to rephrase concepts so others could learn. He has an innate ability to lead, and work in a collaborative manner.

Mr. Butt's participation in the class makes me feel confident that as a member of a nursing team he will demonstrate the same abilities, and grow as a professional nurse.

I hope that you will consider him to be a part of your professional nursing team.
