To whom it may concern,

I am a Professional Registered Nurse with a AAS degree from New York City College of Technology. I am interested in an RN position in the clinical setting. Currently I am working towards obtaining my BSN. Throughout my time in the clinical setting I prided myself in administering quality patient care and maintaining patient safety.

My time at Statue Cruises consisted of providing excellent customer service to all guests. I was able to interact with people from all over the world who had an array of different backgrounds. I successfully delivered service in the face of cultural and language barriers. I excelled into a managerial position where I was responsible for training new support staff and overseeing the daily operations within the concession.

Due to my customer service experience and clinical training I feel that I would be a great fit for this position.

Thank you for reviewing my résumé and taking me into consideration. I look forward to hearing from you soon and anticipate a great working relationship.

Sincerely,

Janibel Corona Lopez, RN, AAS
