100% ORGANIC COTTON
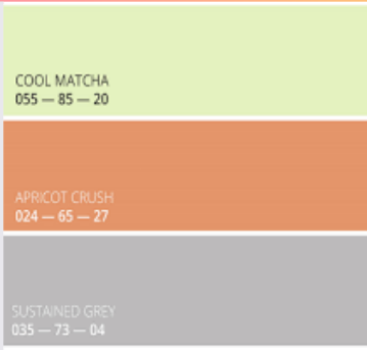

The Cargo Department's Spring/Summer 2024 concept board features a stunning collection of colors that are trending this upcoming season. The color palette includes shades of apricot crush, elemental blue, midnight plum, matcha green, fondant pink, and sustained grey. The materials used in the collection are eco-friendly and sustainable, featuring one hundred percent cotton, Tencel, recycled polyester, and hemp. These materials have been carefully selected to reduce the environmental impact while maintaining the high-quality standards for which The Cargo Department is known. The collection is stylish and sustainable, perfect for the conscious consumer who wants to look and feel good while positively impacting the world.
