Act 2

- **Students at the Barricade**
 - All of them should take an opportunity to practice their fall sequence in the space (props optional). This does not require music or lights & sound, but to avoid sloppiness creeping in, since it's a slow motion scene, the actors should run it at least once.
- **Provaire fall and Jolly drag / Marius fall and Valjean drag**
 - Quick once through before show.
- **Eponine and Marius**
 - Actors should rehearse Eponine's fall and death. For SM, ensure that actor playing Marius is placing his hands in the agreed upon places on actress' body and that they are hitting their proper mark.
- **Valjean & Marius in Sewers**
 - Actors should have a conversation about where they are physically and actor playing Valjean should lift the actor playing Marius at least once to confirm all is well. (This is a safety/health check to make sure no one has any bruises they aren't telling us about, and that Dwany's back is not getting sore from improper technique).
- **Wedding**
 - Actors should confirm placement of the contact and practice it twice.
