

Joab Liriano Jr

DEFISTIGAN

Presents

Since I was a child, I had a passion for drawing. I would take magazines that I bought with my allowance and copy the images to as close as perfection as I can draw.

nothing but  
the naked  
Truth

At Naked Juice we are dedicated to providing access to fruit and veggie goodness. Everything we do is centered around one thing you. Our consumers have always been and continue to be our top priority. We place our consumers first and foremost. Always.

# "We Got The Ride You Got The Drive"

Join ZipCar Today and Change Your Life Style for The Better!

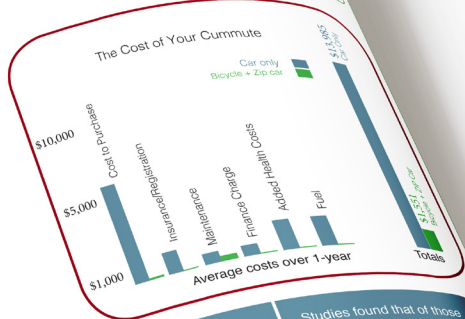

**\$7** /Month

While the traditional American Dream may include having a car in the garage, more than 53 percent of Millennials claim that high costs of maintenance, parking, and gas make it difficult for them to own a car.

Zipcar President Kaye Cella: "Businesses are increasingly conscious of their environmental footprint, and we're proud that this research supports what we've long believed."

Twenty percent of all Zipcar for Business members reported that they sold a personally owned car after becoming a member, and another 20 percent avoided buying a car as a result of joining.

Studies found that of those Zipcar members who became zero-car households after joining Zipcar, 22 percent bike more often and 41 percent walk more.

Movie Poster

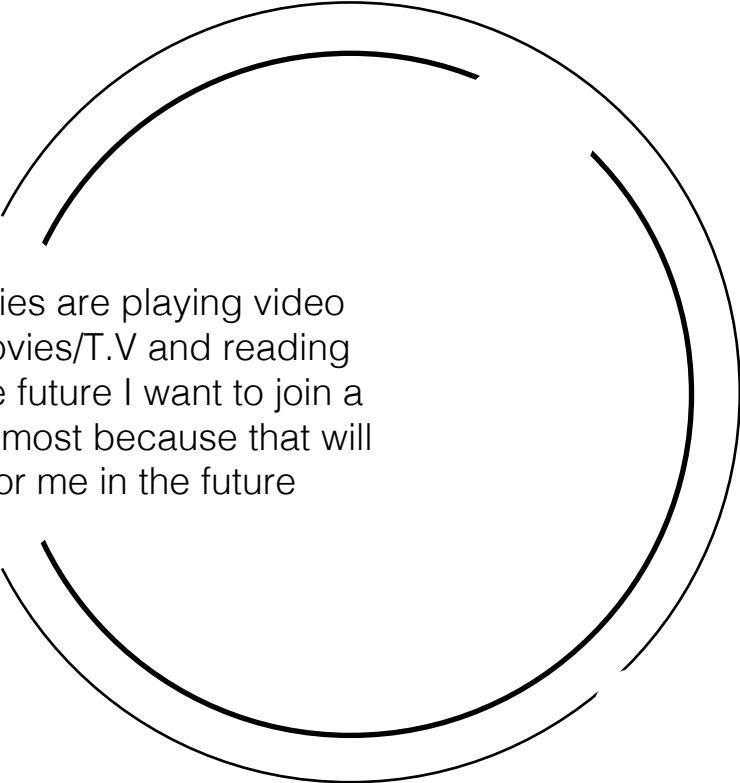

This is the logo I use for myself  
as of right now

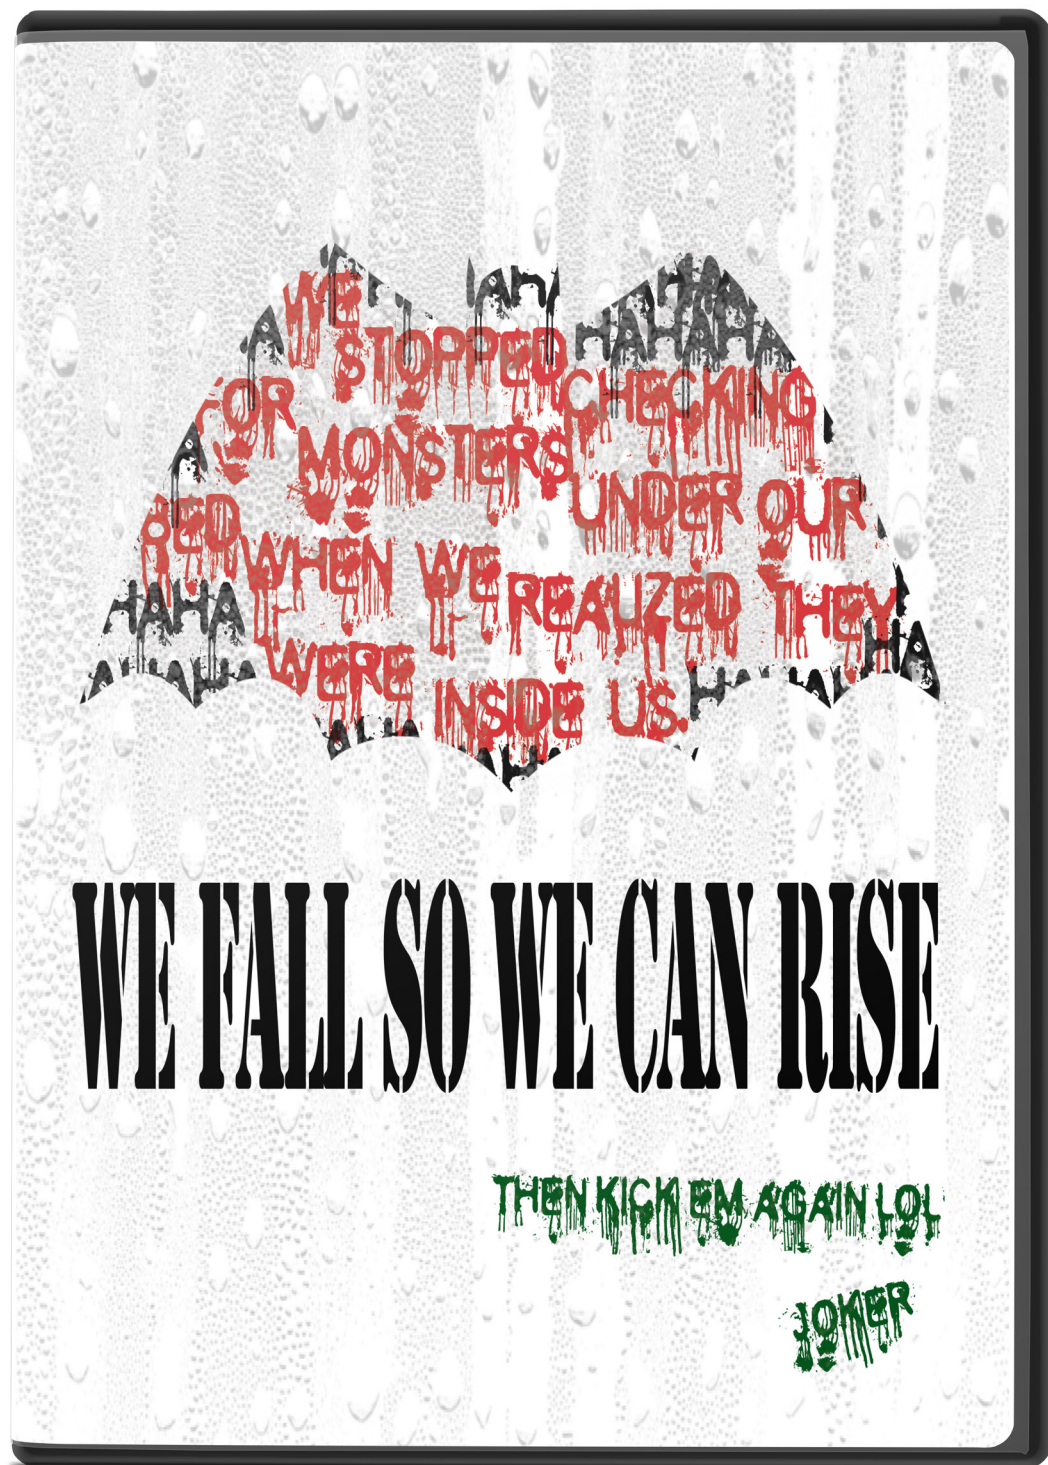

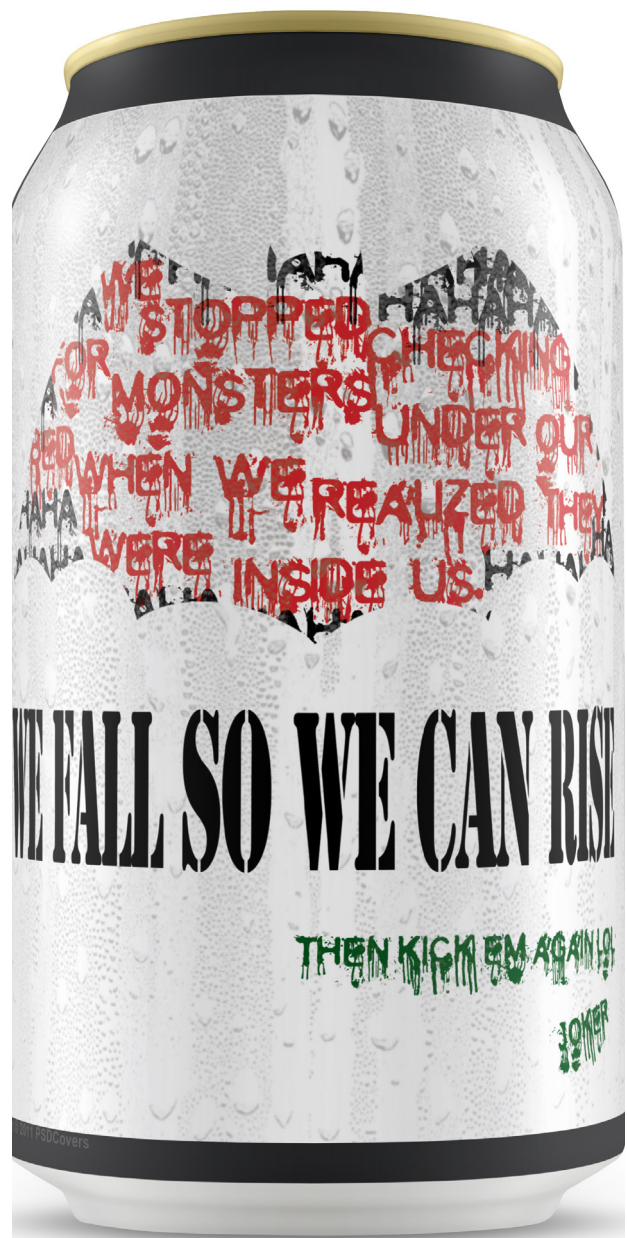

So my favorite hobbies are playing video games, watching movies/T.V and reading comics/manga. In the future I want to join a gaming company the most because that will be so much fun for me in the future
