Dear Jason Montgomery,

This is a reminder that the 2014 Esri UC presentation upload deadline is quickly approaching. Please visit our Presenter Resources webpage for presentation suggestions and full upload instructions.

All final Esri UC presentations must be submitted by Friday, June 27th in order to be eligible for presentation in July. Please note that any presentation that is uploaded through your My UC account will be published in our conference proceedings. If you have confidential material that is not authorized to be published, please email us at papers@esri.com to coordinate an alternative way to submit your final presentation.

Please visit our Presenter Resources webpage for important information about preparing for and attending the conference. If you have any questions please e-mail papers@esri.com.

Be sure to visit www.esri.com/uc for the latest conference information and to view the full agenda which has been posted on the site. Please take a moment to follow us on twitter at twitter.com/esriuc and join our Facebook page at facebook.com/esriuc. Feel free to post information about your session to the UC community.

Sincerely,
The Esri UC Agenda Committee
