Jason and Ting,

The show looks terrific and the layout is particularly elegant. I hope you are taking copious pictures! A report-back to the faculty meeting would be good. Have a wonderful, long, well-deserved weekend, Shelley

Shelley,

We did a quiet opening last night with the few people around campus. We had many challenges to this event this year. The weather can now be included...

Ting and I will be documenting the show and start to formulate organizational ideas for next year. Something we could present at the next faculty meeting.

Jason

Hello Jason and Ting,

I very much regret to say that I won't be able to be there this evening. I seriously debated coming in early and taking a hotel room, but ultimately decided that would be unwisely exuberant.

I leave it to you, if you want to proceed in snow and rain and dark of night, cancel, or reschedule . . . maybe to next Thursday night? (Thursday is a Monday class schedule, but I don't think that matters.) Let me know if you want to discuss or if I can do anything (send out the email blast, etc.)

Thank you again for the amazing efforts. I am looking forward to spending some

time there, hopefully tomorrow!

Stay safe,
Shelley
