Dear All -

as many of you brought up in the last two faculty meetings, there is great potential in the cross-pollination between ARCH 1130 + 1121 + 1110 +1191. Jason and I are planning to meet this coming Thursday Feb 26th at 12PM in room V308 to start the conversation. We were wondering if you would be interested in joining us. We value your input a great deal and think your suggestions and thoughts could be of great help in structuring the next steps for the coordination between the courses.

Thank you and I hope you can join us on Thursday.

Best,

Claudia
