THANK YOU!

We have now completed the review cycle for NCBDS 2016. We received 614 reviews from 94 reviewers. It was wonderful to read through the comments and see the level of care and thoughtfulness that was put into the constructive criticism. We cannot thank you enough for sharing your time and expertise with us. The beginning design student is fortunate to have such a dedicated body of people working towards bettering their education.

We have just released the call for TinyTED proposals due January 5th. If you are interested in attending the conference, or have colleagues who might be, but did not submit an abstract, the TinyTED is another way to participate. The tinyTED sessions have been inspirational and informative events at the conferences each year. We are also pleased to request nominations for Faculty Awards, which should be emailed to us by December 15th. Visit our webpage ncbds2016.org for more information.

We are looking forward to an outstanding conference!

Sincerely,

Clare Olsen
Jeff Ponitz
