READ Workshop Agenda Fall 2019 (1).docx;

Dear READ Team,

Please take a look at the attached agenda for next week's workshop. Unlike previous workshops, everyone will be sharing their best practices before we move on to outcomes. If you didn't respond with a strategy to share but you'd like to do so, there's still time for us to make edits, but please let us know this weekend. There will be some visitors who are interested in the READ program, including a few faculty members from Restorative Dentistry, so this is a great opportunity to highlight the terrific work you've been doing.

All the best,

Rob and Juanita

Subject: Spring READ Workshop

Dear Colleagues,

Our Spring READ workshop will be held on Friday, February 15th from 10:30-1pm in N227. Lunch will be

served.

We hope each of you will briefly share results from last semester, but we would like to spend most of the time presenting at least one best practice from each discipline/course. When you RSVP, please let us know what READ strategy you'll be sharing so that we can add it to the agenda.

Thanks again for your participation! We're looking forward to working with you again this coming semester.

All the best,
Juanita and Rob
