No surprise for me that she thought you did a great job.

Don't worry - I won't ask you again with out getting you all some kind of honorarium. I've already discussed it with them.

Thanks again. You guys are great.

Rob

Just wanted to thank you again for a great day. You and your team did an amazing job. The facilitators truly brought to life the affordable housing projects that could be possible in our participant's communities. Please pass along our thanks to all the facilitators. We look forward to continuing our work with you and your team on future LULAs. Have a great weekend.
