Sanjive,

Please find attached the APR completed.

The PDF file size exceeds the 7mb limit required by NAAB.

I have compressed as much as I can with my home software.

Can you compress further with any software at school or your office?

I found a software that can do it but it leaves a watermark unless you purchase the software (iSkySoft Studio PDF Editor 6 Pro <https://pdf.iskysoft.com/purchase/buy-pdf-editor-6-pro-mac.html>)
