Company name NYCO Chemists V Inc

Supervisor Name (if known): Peter LaFranca

Location/address 25-29 44th Dr ,Long Island City,NY 11101

Position description (provide as much detail about what you will be doing on the job as you can). If you have previously worked for this company – identify how the internship will be different than previous work experience.

This Long Island City apothecary needs a revamping when it comes to merchandising and knowing their demographic. This is where I come in. Using my knowledge and skills that I have developed from previous courses, I will sit down with the buyer to map out what items to bring for the winter/holiday season. In retail, the time to buy products/items is now to get it shipped out in time. I will also be in charge of recreating the front center table and fill in with "in season" items every month, as well as other areas where merchandise is seen by customers. They would also put me in small meetings and have a chance to meet vendors from companies such as L'Occitane, Bioderma and Lollia Margot Elena. Because I come from marketing, they would love if I worked on their social media as well. I will spend my day to day using my creativity to post on their social media accounts which includes Instagram and Facebook.

# Please attached a letter on company letterhead to this application along with a business card of your supervisor.

City Chemist

Manager: Peter LaFranca

Our Fall 2022 intern, Julisa Tufino-Santos, will oversee the Visual Merchandising and Buying of City Chemist. She will be working hand in hand with head buyer, Jessica Hom. We carry a great deal of candles, makeup, skincare, hair care and more. Julisa will learn the steps of great communication with vendors to meet our level of merchandising. She will learn the process of how we get items into the store and how we visually make it appeal for our customers. From time to time during the week, she will also oversee our social media account and post relevant posts/stories to our socials. All in all, I believe Julisa will learn a great amount of what a visual merchandiser and buyer entails of. If any questions arise please contact me through my email: <a href="mailto:citychemistlongislandcity@gmail.com">citychemistlongislandcity@gmail.com</a> or at 718-736-2200.

Best, Peter LaFranca
