Dear Mr. Callaway

I would personally like to congratulate you on your acceptance to the Grand College Advisor's Association (CAA). Since I was part of your advisement classes I can easily tell why they would accept someone of your status into such a prestige association. I was also alerted that you will be moved to Fort Lauderdale, Florida which is an area to which I have been to several time. Let me be the first to tell you that you will love the comforting environment a lot. I again just want to congratulate you and again thank you for helping me get my Story writing scholarship. You helped me get into college and now you will be living it up in the beautiful sunny weather of Florida.

Sincerely,
Karl Jagdipsingh
