Everywhere you look, the boroughs are booming!

Once overshadowed by the cultural epicenter that is Manhattan, areas as remote as Richmond Hill in Staten Island, Bushwick in Brooklyn and Sunnyside in Queens are now abuzz with vibrant arts communities that are unique unto themselves.

The Spring Ahead Contemporary Arts Series was founded to showcase the work of avant-garde artists in the genres of theatre, dance, music, poetry, fiction, film and the visual arts, in venues throughout Brooklyn, Queens, The Bronx and Staten Island.

The Series' mission is to celebrate the creativity, energy and diversity of the outer boroughs, by hosting some of the most experimental, cutting-edge art being made in these areas today. We hope you enjoy it.
