Budget

- Last semester when I started this project, I thought that I wouldn't spend any money on materials for this project.

- This semester I realized that I needed a few materials to help me create this video

- I had determined to use 100 dollars as a budget for this video

Materials

- Video camera: Samsung Galaxy S22 Ultra. (Already Owned)
- Lavalier Microphones (Cost: $14)
- Selfie stick tripod (Cost: $17)
- Handheld stabilizer for Phone (Cost: $40)

What is next

- Pre-Production is over
- Start the production, going to these locations and record the videos needed
- Record the Voice over scenes
- Time of completion 3 - 4 weeks
