

About Kimberly

Kimberly Guzman is a freshman college student in City Tech. She was born in Yonkers New York but lived most of her life in Mexico. Her passion and curiosity for Graphic Design started in High school when she was a member of the Student Government in charge of public relations. Design was a way to express herself and be creative, since learning english as a second language was difficult. During her first year in college, learning typography was just the first step for her, to a journey in the design world.
