Hi Raffi,

I'm happy to tell you that the application to university for inviting you was accepted. It's great to be able to have you here in Tokyo again!

We need

1. to finalize the term of your visit.
2. your personal information for arranging flight tickets.
3. to reserve your accommodation.

as soon as possible. Could you let me know your opinions/info.?

Please also find attached PDF containing a guide for invited researchers.

1. We applied with visiting schedule from June 8 until June 22. However, I am likely to go to a PLDI workshop on June 13 and 14. Taking the traveling dates before and after the workshop, it might be better to shift the schedule two weeks, say from June 22 until July 6. Does this schedule work for you?

2. Could you provide the following information:

- name on passport (surname/given names)
- nationality
- age
- phone number
- title (of your job)
- email address
- departure airport

The tickets must be booked by the agent contracting with the university. But you can make some requests like preferred airlines, departure/arrival times, etc. (But no guarantee ;-)

3. You can either stay in a hotel near the university or a room in the International House on campus. I would rather recommend to stay a hotel unless you want to minimize the cost of accommodations. If you will stay in a hotel, we can work on that later.

Best regards,

Hidehiko
