Good afternoon, Raffi.

Thank you in advance for your willingness to judge posters. The rubrics for STEM and Non-STEM Projects are attached. Please come to the Atrium Ground Floor on Wednesday, May 6. We will welcome your service from 11 AM to 12 PM.

With appreciation,

Janet

Hi Janet,

I can judge from 11-12pm that day. Please let me know if you need me. Thanks!

Raffi

Dear Faculty Mentors,

The poster competition will be held on Wednesday, May 6 from 11 AM-2PM. Due to the large number of posters, we are in need of additional faculty who can judge STEM and Non-STEM posters. We would very much appreciate your help in this matter. If you are willing and able to judge, then please e-mail Prof. Janet Liou-Mark directly (she is CC-ed) and let her know by tomorrow (Monday) so that your name can be

included in the program.

The judging can be done on Wednesday, May 6 anytime between 11 AM-2 PM. During this time, you can come when it is convenient for you. You will be provided with a list of posters and will evaluate how well each poster fulfills a few criteria (presentation design, clarity etc) from 1-5. The whole judging process doesn't take too long, depending on how quickly you go from poster to poster.

Thank you very much!

Best wishes,
Justin
