

Job description

Apparel Designer
Badgley Mischka

Mark Badgley and James Mischka have been hailed by Vogue as among the “Top 10 American Designers” and as the darlings of the Hollywood set. The design duo, who founded BADGLEY MISCHKA in 1988, has made its mark over the past three decades with glamorous, stylish, and wearable evening wear and accessories.

Their designs are constructed of the finest fabrics and superior craftsmanship. There is always an element of interest, either in the silhouette or with luxurious detail. They have remained true to this design philosophy, and the consistent integrity of their collections has pushed them to the forefront of fashion.

BADGLEY MISCHKA is sold in the most prestigious stores in the world, including Bergdorf Goodman, Neiman Marcus, Nordstrom, and Saks Fifth Avenue, in addition to the Badgley Mischka flagship boutique in Los Angeles.

Mission Statement:

BADGLEY MISCHKA DEFINES TIMELESS GLAMOUR THAT CREATES CONFIDENCE AND PASSION.

Role Description:

This is a full-time on-site role as a Fashion Designer for a diffusion label at BADGLEY MISCHKA in Tribeca, New York City. The apparel/dress Designer will be responsible for daily tasks associated with designing and developing special occasion dresses for monthly deliveries, such as trend reviews, inspiration boards, color and print selections, fittings, and tech pack creations. The Designer will collaborate with the management and the design team on all aspects of the creation process, including conceptualizing the idea, developing design boards, sourcing fabrics, and reviewing samples.

Qualifications:

- Expertise in Fashion Design, expertise in special occasion dressing preferred
 - Experience in textiles and garment production
 - Knowledge of patternmaking and fitting
 - Excellent attention to detail
 - Creativity and a strong aesthetic sense for special occasion attire, such as gowns and cocktail dresses
-
- Bachelor or advanced degree in Fashion Design.
 - Min of 5 years' experience in the fashion industry.
 - Proficiency in MS Office, Excel, PowerPoint, Photoshop, Illustrator, and Acrobat.
