

## CHAIR – PIN UP BOARD PROPOSAL

1. This removes the need to store the chairs when they are not in use – they can be hung in plain sight – you can take them off the wall to seat on it while presentation. Use the rest to pin up your board. Use **magnets** to **pin-up**.

<http://dornob.com/elegant-folding-and-hanging-wall-chairs/>

**Magnets** insert inside the chair from the back, they are invisible from the front. You can do presentation when it unfold. Use a magnets instead of pins in the front to hold your paper sheets.

Options:

- Patters can be place into the frame. Aluminum material. Laser cut.

- place magnet tape in front vertically.

- Use magnetic chalkboards panels.

Materials:

Sheet Metal

Chalkboard Spray Paint

Color of Your Choice Spray Paint

Construction Adhesive

Saw

Plywood

1x3 MDF trim boards
