

Kaisha Jones

8/28/13

art 1.

I am student at Citytech, junior year majoring in Advertising + Design with a focus in Broadcast.

I am 26 years old.

What I do best is sleeping, sunning, persevering.

One of my favorite things to do on a Saturday is watch all the paranormal TV shows that come on throughout the day.

One of my happiest moments so far is overcoming circumstances that once hindered my progress and staying present in the moment.
