Hi ██████████,

I was able to find this <https://diginole.lib.fsu.edu/islandora/object/fsu%3A560395#page/1/mode/2up> - is this the correct thing?

Thanks,
Kel

Hi Kel,

I think we will put this one on hold - perhaps I will come across more details on it in my research and reading.

As a newspaper it likely does not have a table of contents.

thanks as always for the effort.

Hi ██████████,

The date is already on the request but they were asking for additional information because they don't have the

time to look through the whole issue, so if you don't have an author *or* title – then as I said, my suggestion would be to put in a request for the table of contents and then once you have that, you could put in a request for the article that you need.

Thanks,
Kel

Le moniteur universel volume 67

I think it would be in here - I am guessing this is 1821 July to December.

It would be issue published December 8th 1821

Hi [REDACTED],

The Stonybrook library incorrectly marked the request ILL# 212594420 as filled – for the Moniteur article. But the link you provided doesn't work and they're going to need more information to fill the request. You don't know the title or author or any additional information? Again we can request just the table of contents if you want for that issue and then you can look at that if you want to try that?

Let us know.

Thanks,
Kel
