RE: MS. KRISTINE LAURIELLO

To Whom It May Concern:

It gives me great pleasure to write this reference letter on behalf of Ms. Kristine Lauriello. I served as Kristine's clinical instructor during her third semester Clinical rotation on a Surgical unit at Maimonides Hospital.

Kristine was highly motivated, conscientious and willing to take on new challenges. She displayed a high level of professionalism and clinical competence. At the same time, she realistically understood her limitations as a student. Kristine did not hesitate to ask when she was unsure.

I was especially impressed with her ability to readily integrate theory into clinical practice. On more than one occasion, Kristine brought to the nursing staffs attention abnormal clinical findings that were relevant to patient care. She utilized excellent critical thinking skills and was able to suggest appropriate interventions.

Kristine was well liked by patients and staff members and was helpful to her fellow classmates. She functioned effectively as a team member and showed a genuine concern for her patients, and for people, in general. It was a pleasure having her as a student in my clinical group.

I wholeheartedly recommend Kristine as a candidate for a position in your organization. Please feel free to contact me directly if you have any questions. I can be reached at 516-491-7773.

Sincerely,

Bridget Maley
