Vibe Magazine Organization
Graphic Design/ Marketing
Vibe Magazine
215 Lexington Ave
New York City, NY 10016

Dear Vibe Magazine Organization,

I am currently a senior enrolled in a four year college, New York City College of Technology. I am writing this letter to inform the Vibe Magazine Organization that I want to apply for the graphic design and/ or the marketing position for an internship at the Vibe Magazine Company. Graphic design is a position that highly draws my attention and interest. Although I am majoring in Graphic Design, I am also interested in marketing. I would like to help keep the Vibe Magazine Organization in a state where it will not only be known but also be heard globally. I would like to contribute my graphic design skills as well as some of my marketing experience to help the company maintain its high level success.

As a major in Graphic Design, I am interested in the Vibe Magazine Company graphic design position because I would like to help the company create communication designs, for example, page, layouts, graphic, logos, advertisement etc...I believe that producing communication designs will help the magazine company push its culture further than it already is. Also I believe that doing graphic design work also relates to marketing. I can help the company keeps its brand name in the successful position it already is in by communicating with other individuals in the working field.

My interest in the music industry (preferably hip-hop/RnB), the entertainment industry, and fashion industry will definitely help my experience for working in the Vibe Magazine Organization. I follow the news for these industry weekly and I believe it will bring a big experience in the graphic design/ marketing position because of the knowledge I gain that I can also relate on my work.

Thank you for your consideration and for your time. I highly look forward to the opportunity to help the growth and success for the Vibe Magazine Organization. I also look forward to speaking to your organization in person about my experience and interest for being a part of this organization.

Best Regards,
Kevin Ly

Warner Music Group
Graphic Design/ Marketing
Warner Music
1633 Broadway
New York, NY 10019

Dear Warner Music Organization,

I am currently a senior enrolled in a four year college, New York City College of Technology. I am writing this letter to inform the Warner Music Group Organization for an opportunity for an internship in the graphic design/promotion/ marketing field. I am interested in working in the graphic design field for the Warner Music Cooperation because I would like to help the company create advertisements, design brand logos, and any communication design this company will need to help promote and be heard about globally. I believe that graphic design will also bring marketing and promoting skills to the field. The best way to advertise the graphic design projects is to promote which will help the company success.

Having interest in the music industry also brings creativity. Music is art, but art is also music. Being in the graphic design position is definitely a way to help advertise and promote the music group worldwide and to audience who are clueless as to what this company is. Creating billboard ads, republishing the Warner Music Group brand logo, commercials are all communication vehicles that will help the company maintain is high success.

As a fan of art and the music industry, I believe that this will contribute to the graphic design/ promoting working field by that it will expand the company brand further with the graphic advertisements that it will bring. Being a fan of the art and music industry helps with the experience that I will bring to the Warner Music Group Organization because of the knowledge of what is going on in these industries.

Thank you for your consideration and for your time. I highly look forward to the opportunity to help the growth and success for the Warner Music Group Organization. I also look forward to speaking to your organization in person about my experience and interest for being a part of this organization.

Best Regards,
Kevin Ly

VIBE Media Group is seeking dynamic interns to work within our various departments. Interns make huge contributions to the organization and an internship with VIBE will allow aspiring students to apply classroom skills in a stimulating real-life workplace.

Interns gain insight into the inner workings of the publishing industry, from editing to production to advertising and marketing. It's a great chance to network with and learn from magazine publishing trailblazers.

VIBE Media Group wants individuals who are keen on today's pop culture. Ideal candidates will be detail oriented, reliable and must have strong organizational and communication skills, the ability to multitask, desire to work hard, and be a team player. This is an opportunity to be a part of VIBE as we document and make history.

To qualify, candidates must be enrolled in either a two- or four-year college program.

You must provide written verification from your school that you will receive permission from their academic advisor to participate in this internship. [Download Approval Form](#)

All internships are on a part-time basis and can be for college credit (unpaid). No stipend will be provided.

Job Ad

Description

Our Commitment to Excellence

An internship with Warner Music Group provides students with the opportunity to obtain real world experience at one of the top music companies in the industry. Our internships provide on-the-job training by allowing interns to shadow industry professionals in a variety of departments. Every intern is assigned a special project that will assist them in increasing their understanding of how each department operates. Warner Music Group values its interns; as such we have developed an Intern Bill of Rights which is presented to both interns and supervisors to ensure a mutually rewarding experience.

Professional Development

All WMG internships are for academic credit. In addition to providing industry experience, we ensure that our interns get the most out of their internship with our organization. Intern events are conducted every semester providing interns with an opportunity to socialize and network with their fellow interns, interact with executives from the company, and attend a resume writing workshop.

To qualify for an internship with Warner Music Group you must:

- Be currently enrolled at an accredited US college/university and receive academic credit for your internship (A LETTER OF PROOF MUST BE SUBMITTED).
- Make a commitment of at least 15 hours per week (maximum 30 hours per week)
- Be at least 18 years old
- The internship offer is contingent upon the successful completion of a background check
