Dear ms Beatty

This letter is responding to your offer for an internship as a Graphic Artist and College Aide that I heard from a co-worker in The New York City College Of Technology Please read my resume, references, and samples of my concpet art work.

I'm a graduate of New York City College of Technology (The City University of New York) with a Bachelor degree in Communication Design. My goal is being apart of an Industry where I can apply my education, use my creative skills to build the best design work contributing to the department, and gain beyond professional experience. Through out my course work I have learned how to conceptualize and execute ideas that effectively communicate to target audiences. v

My educational background as well as my design and technical skills, will fit the present needs of your department. I'm available for an interview at your earliest convenience. If you have any questions about my qualifications, please feel free to contact me at my email address.

Thank you for your time and consideration.

Sincerely,

Kush Wright
