

Alluding Assignment

Written by Ken Zhou

EXT. Campus Day- We open with a shot of a campus's building, with its name in view.

Our protagonist, Aiden, walks out the front door and starts heading home.

Before he leaves campus grounds, he gets a call from his friend Kate.

Both of them haven't seen each other much since the semester started, so with said semester ending, Kate wanted to see if Aiden would like to join her for a stroll after her final class.

Aiden

(answers his phone)

Hey Kate, what's up?

(he leans against the brick wall)

Kate

(on the call)

Hi Aiden, would you like to hang out?

Aiden

Yeah..I mean I still need to finish some projects but I can still hang out.

Kate

Great, Would you like to join me for a stroll at the park?

Aiden

Sure, the park near campus right? That's your favorite spot.

Kate

Yeah, I was going to go there after my final class day, want to join?

Aiden

Of course, when is your last day?

Kate

Next week, I will finish at six.

Aiden

Sure I'll be there.

Kate

Great, bye.

Aiden

See you later.

(He ends the call, putting his phone away and continues walking)

As he turns to the corner, the scene changes to him entering a subway station after entering the station and passing the toll, the scene would transition to Aiden entering his home

INT. Home Day

Aiden continues entering his home.

He opens his front door and continues walking to his room.

INT. Room Day

Upon entering his room, he takes his laptop out of the bag and sets it up on his desk.

He checks his email notifications on his laptop.

He sees the reminder of the upcoming project.

Aiden attempts to start the project by opening a new document page.

After writing for a short while, he loses patience.

Aiden

(showing visible frustration) I give up, I have plenty of time to wing it later.

He closes the project's tab and begins working on other assignments.

Scene changes to a b roll montage of his week's activities.

Monday-

INT Room Day

Aiden wakes up from his bed.

He watches TV shows and Plays videogames all day.

Tuesday-

EXT Day

Aiden shops outdoors.

Wednesday/Thursday-

INT Room Day

He continues assignments on his laptop.

Friday(the final day)-

INT Room Day

Aiden starts his day with starting his laundry chore.

While waiting, he walks into his kitchen to prepare breakfast.

He opens the fridge and takes the last two remaining eggs.

(close up shot to highlight importance)

The scene hard cuts to Aiden washing the dishes (to imply he cooked and already ate his breakfast)

He returns to the laundry machines and gathers his clothes in a bucket.

INT Room Day

Aiden returns into his room, sets down his laundry, and resumes finishing the final project he's been saving for last.

Aiden

(while on the laptop) Cmon, it's the last day I can do this.

While continuing the project, Aiden gets a text from Kate reminding about the hangout happening on that day.

(all text will be seen from an ariel and close up shot of the phone)

In text form

Kate

Hi Aiden, so we are meeting up today?

Aiden

Yeah, let me just finish this project.

Kate

Project? I thought you didn't have any work to do.

Aiden

I did, finishing it now, don't worry we're still meeting.

Kate

Ok good luck.

Roommate interrupts by knocking on the door, wanting to ask

Roommate

Aiden, you in there?

Aiden

Yeah.

Roommate

Oh great, can you grab groceries today?

Aiden

No, I'm busy.

Roommate

Why not? It's your turn, I'm leaving for my classes that'll last all day.

I'm not gonna grab milk and eggs on my way home, especially since I'll be alone and it'll be late.

Aiden

Too bad I don't Like milk anyways.

Roommate

You're the reason it's empty!

Aiden

I'M BUSY!

Roommate leaves after long silence

Student starts thinking and check the time, he wonder if his grade can tank a missing project grade

He checks his class grade and is disappointed at how low it is. (Close up shot of the screen).

Aiden looks back at his text, reminded of the good luck text from his friend, getting the motivation to continue working on the project.

Upon submitting the project, he sarcastically makes a comment

Aiden

Guess something is better than nothing.
(He starts packing up and leaves his room)

EXT Park Night-

Aiden walks up the stone staircases with gravel road in the in park
He sees and greets Kate at the top.

Aiden

It's been awhile, You look well.

Kate

(cheerful) Yeah, I feel so much better after a very busy semester.

Aiden

So busy you were only free during breaks.

Kate

(agreeing) Yeah.

Aiden

You got a whole summer to relax.

Kate

For now.

Aiden

Anyways, how was your last day of classes?

Kate

It's fine, how was your last project?

Aiden

Uh good question.

Kate

So that means?

Aiden

I mean I submitted something and it's not late so..., you mind if we stop by a market or something on our way out? I need to get a few things.

Kate

Like what?

Aiden

I ran out of eggs at my place.

Kate

Just eggs?

Aiden

(thinking) yes that's the only thing I need.

Kate

You're taking the train home right? Unless you want to carry eggs through the ride, why don't you buy at a market closer to your home after you leave?

Aiden

Oh yeah, I was just thinking if I'll forget it later.

Kate

No, I think you will forget.

Aiden

So what else can we do here?

Kate

I just wanted to stroll here before the summer heat, we could still catch up more.

Aiden

Sure.

Film cuts to black as they stroll away.
