Final Exam	30	75 minutes

- You must have a **TI-84 series graphing calculator** on the day of the test.
- On test days, you will not receive a test form unless you submit your cellular phone and/or smartwatches.
- **There will be NO MAKEUP exams.** Any exam you miss or do not submit will count as a 0 toward your final grade.
- Your lowest test grade will be replaced with your Final Exam grade or your highest test grade (whichever is higher).
- Calculators will be reset at the beginning of exams. If something is amiss, the instructor may consider erasing all data on your calculator during the exam.
- **Only methods discussed in class will be graded on your test papers.**
- Any violation of the **Academic Integrity Policy** on a test or exam will result in an automatic 0 and a Faculty Action Report sent to you and the Academic Integrity Committee. Penalties that may be assessed include a 0 as an assessment grade or an automatic failure of the course.
  - An Academic Integrity Policy violation will also result in your lowest grade not being replaced for the semester.
- No extra time will be given to latecomers.
- **Once one student leaves during an examination, no latecomers will be allowed to take the exam.**
- **All students are REQUIRED to take the FINAL EXAM.**
- **Students must pass the final exam with at least a score of 60 to pass this course.** The student's class average before the final exam may dictate that their passing score on the exam needs to be higher than a 60.

Attendance Policy / Class Participation

- Attendance in the classroom is mandatory.
- City Tech Policy mandates that students can have no more than 10% absences without penalty. In this section, that means you are allotted <mark>**2 ABSENCES.**</mark> After that, I will request that you withdraw from the course. If you stay, the penalty is having your final grade reduced by a partial-letter grade.
  (e.g., from B to B-)
- Please turn off all electronics while in class. If you absolutely MUST take the call, leave the classroom immediately.
- Please keep OpenLab and/or forum responses civil and respectful if we are using them this semester.
- If you are recognized as making a positive contribution to class discussion, your final grade may be raised a partial-letter grade (e.g., from C to C+). Note, this will only apply if you are passing with at least a C grade.

The instructor reserves the right to amend to the syllabus in any that he deems academically advisable. Amendments will be announced in class and on OpenLab.
