pre site visit reflection

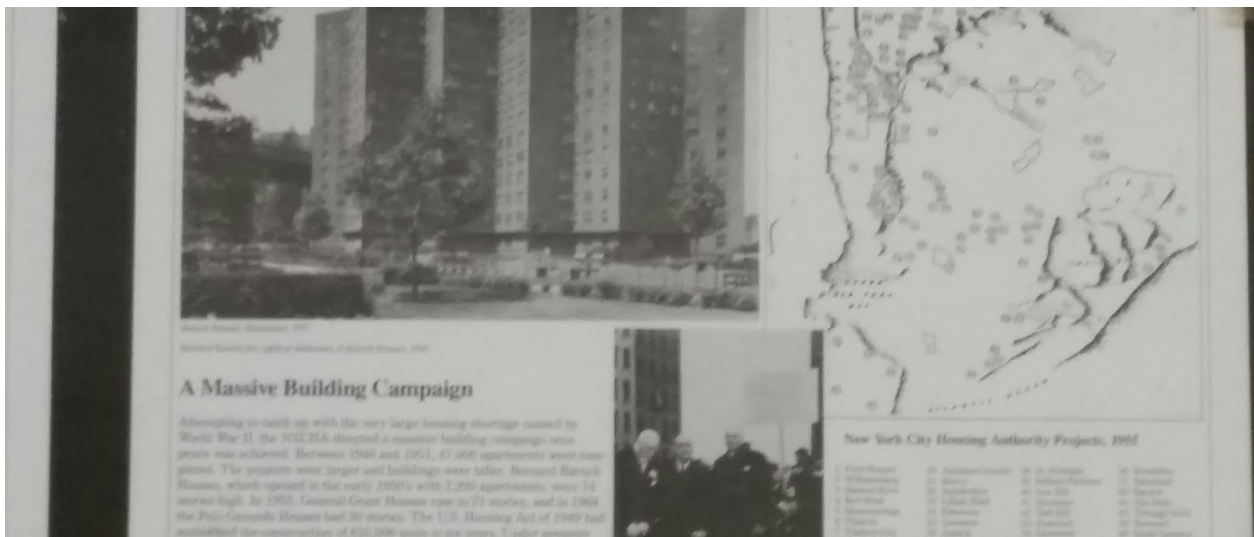

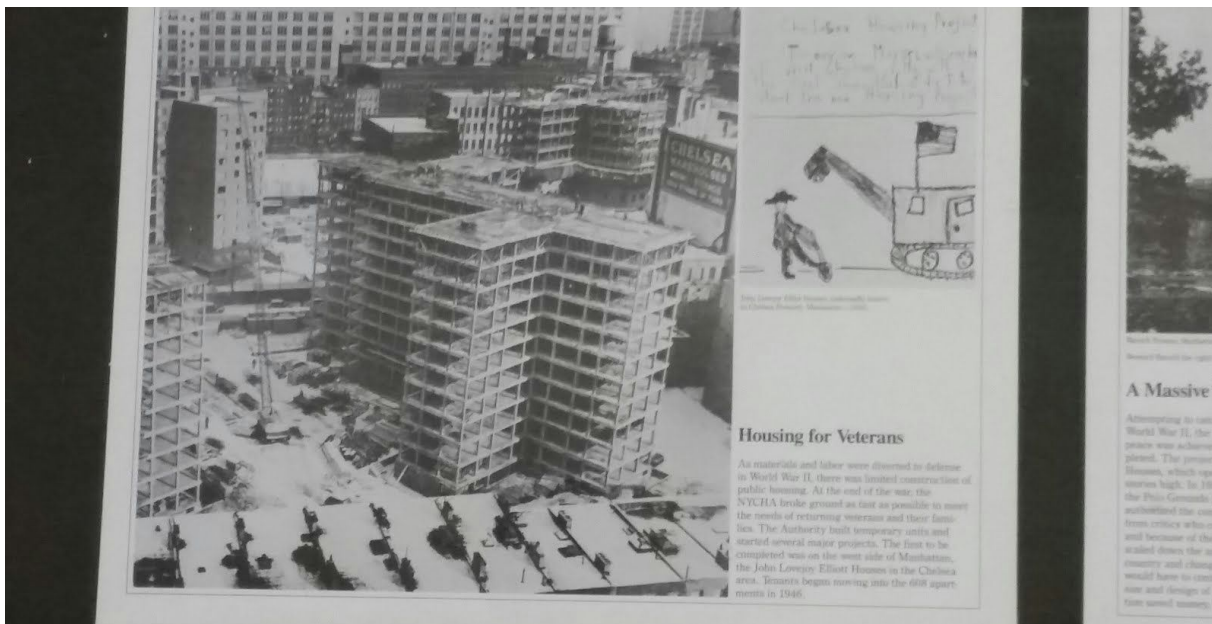

After visiting the houses as much times as we have I do not expect to find out too much new information but with the person from NYCHA guiding us I hope to be able to get a better grip of the houses and their current condition .

site visit reflection/summary

Going to the site with the NYCHA employee turned out to be mine in formal than I though. It was not able to help me with my topic of transportation but it helped us find out a lot of safety and programs they had.

SITE DOCUMENTATION (photos/sketches)

SITE OBSERVATIONS

1. The building we visited has someone outside
2. The community center was locked when not in use
3. Had a lot of flyers and posts in the office
4. The employees were cleaning on site
