Inquiry + Research = Knowledge
A Model for Research

Badke, Ch. 2, p. 19
“research is the use of information to solve a problem”

(Badke, Ch. 2, p, 24)
“The key to genuine research is a good question. Without a question, nothing you are doing can be called research.”

-Badke, Ch. 2, p. 18
1. Assess Your Needs

• First step: read the assignment thoroughly
  — Why do you need the information?

• What kind of information do you need?
  — Guides where to look for sources
2. Preliminary Research Strategies

• Gathering background information
  – Internet sources
  – Reference sources
  – We’ve been working on this in class

• Why bother with background information?
3. Develop Your Topic and Question

• Research question is better than a thesis statement: why?

• NOT just reporting on a topic, but bringing multiple sources together and analyzing them to make new knowledge
