Rubrics
*Multiple by factor based on points avaiable

DRAWING RUBRIC

*Completion**
    1 Submitted but lacking significant understanding
    2 Submitted but significantly incomplete
    3 Submitted and missing a few elements
    4 Submitted and Complete

*Lineweight/Quality Construction Lines**
    1 No lineweights or construction lines distinguishable, poor quality lines
    2 Lineweights too similar, or minimal construction lines, or lines are minimal quality.
    3 At least two lineweights clearly applied, construction lines utilitized, and acceptable quailty lines
    4 At least three lineweights, construction lines uilitzed and high quality lines

*Plan Geometry/Grid**
    1 Lack of understanding of building geometry and grid
    2 Errors in building geometry or grid relationships
    3 Geometry and grid generally correct but not articulated clearly**
    4 Geometry and grid correct and clearly articulated

       ** lack of centerlines, construction lines determining geometry.

*Accuracy**
    1 Scale and dimensions are incorrect
    2 Scale is correct but dimensions are incorrect
    3 Scale is correct but some elements are incorrect
    4 Scale and dimensions are correct

*Conventions**
    1 Conventions are not applied to drawing
    2 Conventions are applied but show lack of understanding
    3 Conventions are applied with some errors or some missing
    4 Conventions are applied complete and correct

*Reference Lines**
    1 Conventions are not applied to drawing
    2 Conventions are applied but show lack of understanding
    3 Conventions are applied with some errors or some missing
    4 Conventions are applied complete and correct

ASSESSMENT RUBRIC

Assessement
    2 Assessment activity participated in but not completed
    4 Assessment activity participated in and completed

READING NOTES RUBRIC

*Organization**
    1 Notes show no clear sign of organization, pdf file is not organized
    2 Notes follow order of book but lack headings and heirarchy, pdf file is not organized
    3 Notes have some headings and pdf file is organized but lacking proper filename
    4 Notes have clear structure and heirarchy and pdf file is well organized with correct filename.

*Paraphrasing**
    1 Notes are verbatim repetition of the text
    2 Notes combine verbatim repetition of the text with a minimal rephrased notes
    3 Notes are mostly paraphrased but with some inaccurate notes
    4 Notes are mostly paraphrased but with mostly accurate notes

*Summary**
    1 No summary submitted
    2 Summary restates headings sections without paraphrasing.
    3 Summary is original text but missing key concepts of text
    4 Summary is original text will key concepts covered

*Section Coverage**
    1 Topic has minimal notes with no recogniztion of key concepts
    2 Topic has multiple concepts noted but lacking key concepts, diagrams, and sketches
    3 Topic covered with most key concepts noted in text but minimal use of diagrams or sketches
    4 Topic covered with key concepts noted in text and diagrams and sketches

SKETCH ASSIGNMENT RUBRIC

Sketches
    1 Sketch submitted is substantially incomplete and without annotations
    2 Sketch is complete but with significantly inaccurate proportions and lacking annotations
    3 Sketch is complete and reflects careful observation and but is lacking annotations
    4 Sketch is complete and reflects careful observation with integrated annotations

REFLECTION RUBRIC

Reflection
    2 Reflection is minimal and lacking reflection on topic
    3 Reflection is minimal but speaks to topic
    4 Reflection is substaintial and speaks to topic
