

I will be using the below images in chapter thirteen of my step by step guide, How to Build a Network. The images show different color wires and what each color stand for.

Image 1 of 3

Stripped Ethernet cable
www.ertyu.org 2015

Image 2 of 3

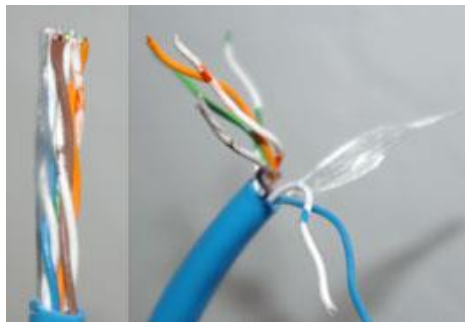

Image two show the twisted, and untwisted Stripped Ethernet cable.
www.computerhope.com 2015

Image 3 of 3

www.pcworld.com 2015

Image three show the Ethernet cable properly installed into the connector (If you look at your land line phone or internet wires you will see something similar to image three.)
