

Miguel Peralta

Success via Apprenticeship (SVA) Intern

Profile: I am a dedicated student pursuing a career in the Graphic Design field as a CTE teacher. I am currently working towards the necessary certifications to become a teacher through the SVA program. Being an optimist, with a patient mindset, has allowed me to interact well with others and build strong connections. With my skills and abilities, I plan to educate others to realize their full-potential, similarly every task is viewed as an opportunity to learn something new.

Work Experience

Alfred E. Smith High School – SVA Intern (October 2014 – May 2015)

Worked at Alfred E. Smith assigned to a mentor teacher, and participated collaboratively on lesson planning, lesson presentation, classroom management, and school dynamics. Provided students with assistance on classwork and projects, aided mentor with class lessons and created class bulletin board to showcase student work. Assisted with chaperoning students on school trips.

Bronx High School for the Visual Arts (BHSVA) – SVA Intern (September 2016 – Present)

Worked at BHSVA assigned to a mentor teacher, and participated collaboratively on lesson planning, lesson presentation, classroom management, and school dynamics. Provided students with assistance on classwork and projects, aided mentor with class lessons, and created class bulletin board to showcase student work.

Gothic Press – Graphic Designer (June 2015 – August 2015) (February 2017 – January 2018)

Interned at this print shop as their graphic designer, helping to finish customer's orders efficiently. Used a plate setter to create printing plates to be used on a letterpress. Worked with programs such as QuarkXPress, Adobe Suite, and operated the cutter machine to finish projects. Participated in business communications through fax and email.

School of Cooperative Technical Education – SVA Intern (February 2018 – Current)

Worked at School of Cooperative Technical Education assigned to a mentor teacher, and participated collaboratively on lesson planning, lesson presentation, classroom management, and school dynamics. Provided students with assistance on classwork and projects, aided mentor with class lessons and created class bulletin board to showcase student work. Students also worked towards achieving their InDesign CS6 certifications.
