

Are you interested in improving the environment?

You could be a Sustainability Task Force Student Liaison

About the Task Force

The NYCCT Sustainability Task Force is charged with promoting the College's multi-year plan designed to meet the goal of reducing CUNY's greenhouse gas emissions and creating a more sustainable campus. Members of the Task Force are Felix Baez (executive director), Richard Aronin, Reginald Blake, Pamela Brown, Drake Chan, Kevin Collins, Mark Hellermann Stephen Soiffer and Luis Venegas.

An integral part of the Task Force will be two student members who serve as representatives for the interests and concerns of NYCCT students while providing sustainability information to the student body. The student liaisons will work to promote environmentally sound and prudent changes at the College and help to organize the Spring 2016 Earth Day Event.

City Tech Student Liaison Criteria

Responsibilities

The Student Liaisons will work with other members of the Task Force to promote a wide range of sustainable initiatives at City Tech. They will advocate for the interests of City Tech students and work with the Task Force to develop and promote projects that will make City Tech a more environmentally sustainable and green college.

Requirements

- Current student with a GPA of 2.0 or higher
- Available to meet with the Task Force 4 times per semester
- Have an interest in making City Tech more environmentally sustainable
- Available to interview sometime between October 5 and 15, 2015

How to Apply
