

Find a partner not in your group

- Trade homework papers.
- Does your partner's paper:
 1. Give an adequate short description of the case?
 2. Identify a main ethical issue that sounds like a moral dilemma?
 3. Have a thesis that responds to the main ethical issue?
 - Does the thesis meet all 4 criteria? Mark any that they missed.
 4. Provide two arguments that *clearly support the thesis*? If not, help them reformulate the arguments so they clearly support the thesis.
