

**Mill, *On Liberty***

# Dwarf-tossing

Watch [video](#).

## Questions:

- Does the activity of dwarf-tossing harm anyone except for those immediately involved (i.e., the dwarf being tossed, and/or the person doing the tossing)?
  - If yes, does it harm those persons directly or indirectly? Do they have more or less at stake than the people involved?
- Are the laws of Florida and NY that ban this activity justifiable? Would Mill think so?
