

Application link is now available for NYCT's scholarships available to undergraduate students pursuing CUNY STEM majors (AY 2023-2024)

NYCT Scholarship (1 available): open to **all** students who meet the eligibility criteria

Lands-Cabrera Scholarship (2 available): students with **U.S. citizenship** who are studying applied physical sciences and technology

Scholarships are for up to **\$5,000** per student per year, up to **4 years**. The scholarship can be used for tuition, fees, or other educational expenses (e.g., books, computers, or other supplies required for a course of study). The scholarship can also be used for other related expenses (e.g., room and board, travel, study abroad, extracurricular activity expenses). Notifications will be sent out before end of June.

2023-2024 Scholarship application link is open from April 14 to May 15, 2023.
