

Casa Entremuros by RCR Arquitectes

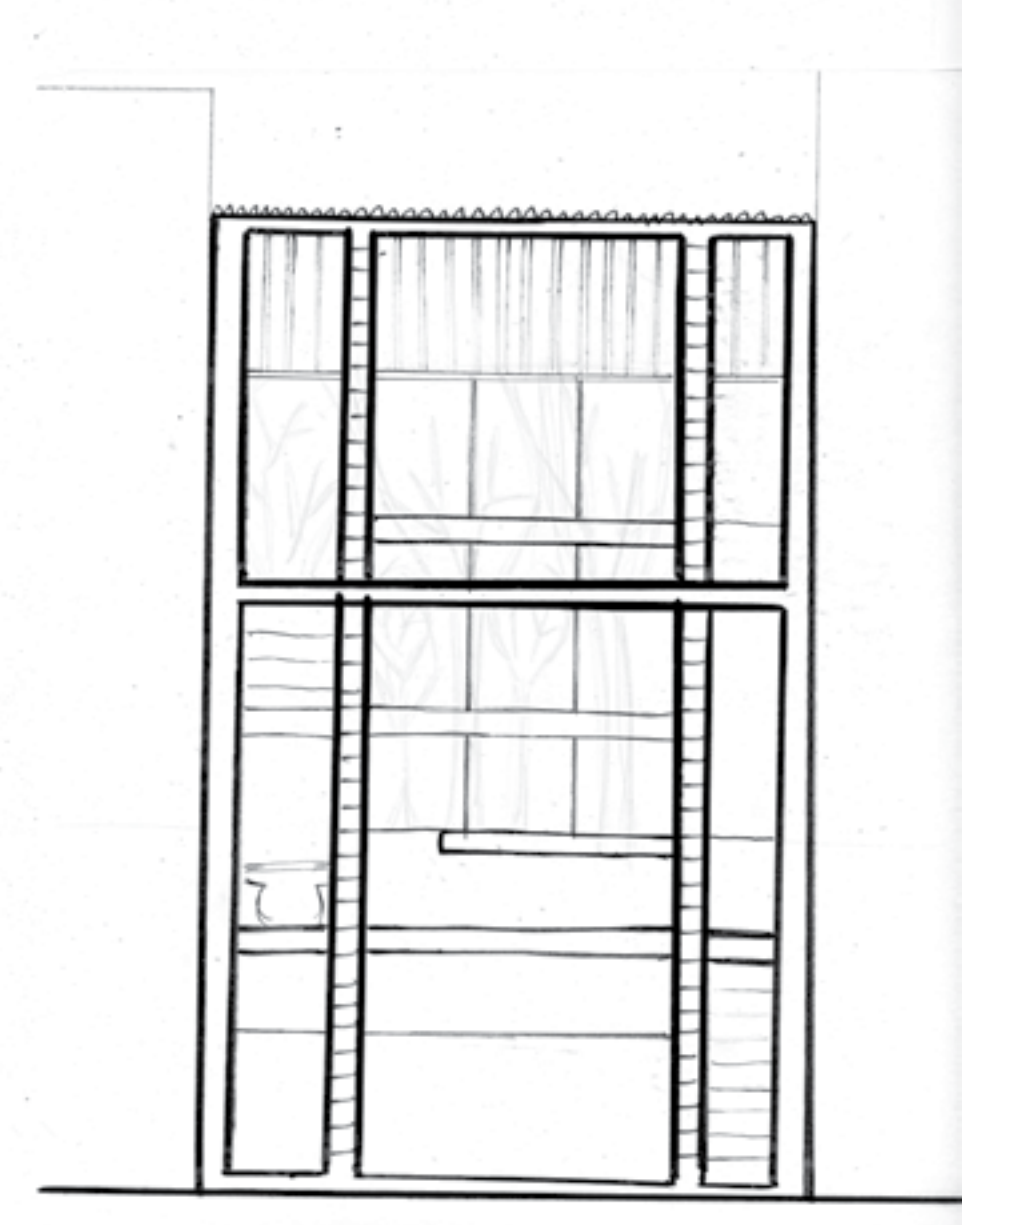

RCR Arquitectes
 Rafael Aranda-Carme Pigem-Ramon Vilalta
 1988 Time of construction 2009-2012
 Olot, Girona, Spain
 Similar: Juan Alba, Ester Morro And Jose Hevia Balearic Islands, Spain

Steel plates, concrete
 28' x 30' x 93' Kitchen, two bedrooms, living room, Two AND A Half BATHROOMS, swimming pool, basement, meditation room

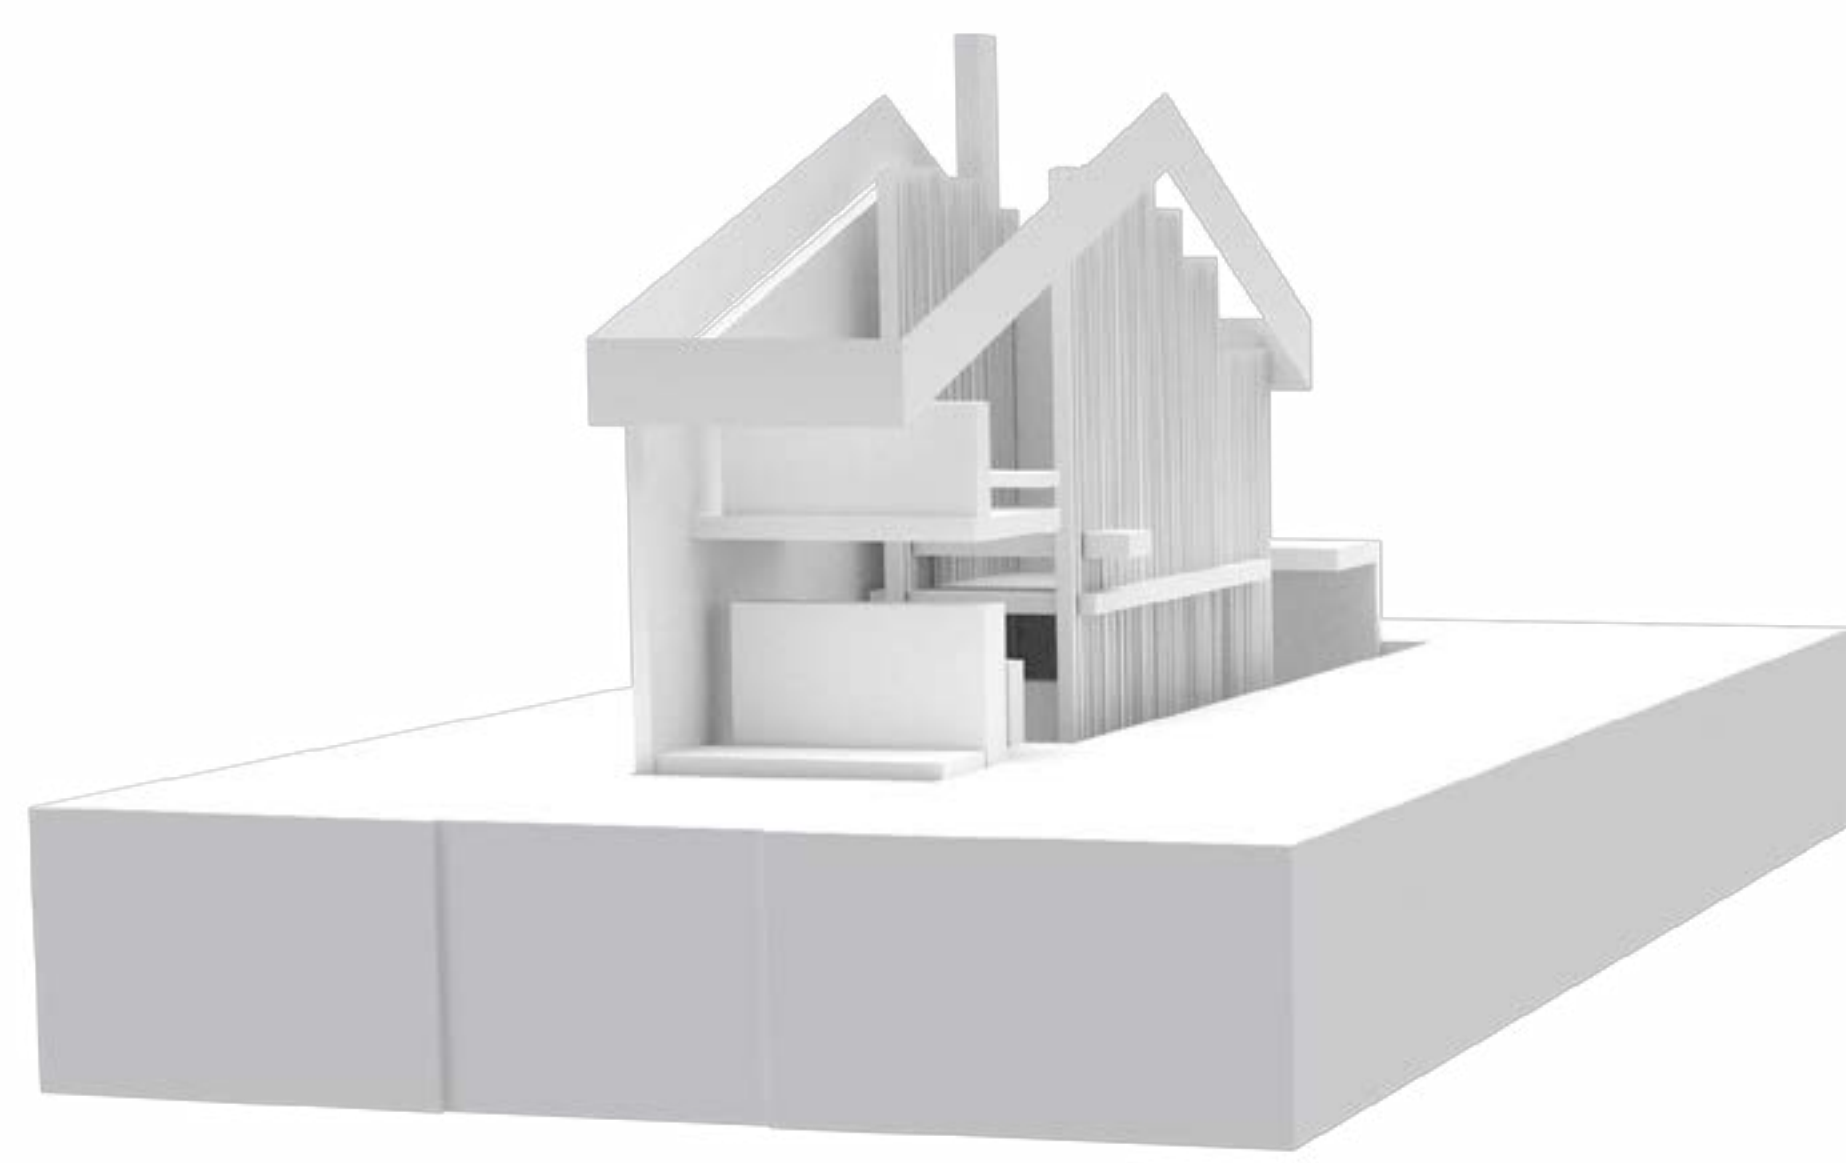

Casa Entremuros, by RCR Arquitectes transitions from closed off to open, heavy to light, traditional to modern and small to large. With minimal walls, the architects hide the structure in the columns. That effect as well as furniture placement enhances the overlapped private/public fields and indoor/outdoor fields.
