# Olive

By Melanie Martinez

# Why The Color OLIVE?

I chose Olive because it's one of the many colors that I think is used a lot during this season. It's a beautiful color that does not pop out like other colors. I don't know much about the color Olive so I decided to learn & explore more about this color.

# Origin of The Color OLIVE

- The color olive got its name from the hues of the fruit olive. (yellowish-green)
- Wild olive trees grow in thick forests that appeared to have spread from Syria to Greece, then worldwide.
- The color olive was first being used during the mid12th century.
