

MARIA INERSY NUNEZ, R.D.H.

BOARD CERTIFIED DENTAL HYGIENIST

DATE: July 2024

Dear Dr. Name

Are you looking for a highly experienced, motivated and enthusiastic dental hygienist? If so, look no further! I can easily adapt and transition into your office, learning office protocols quickly and effectively working independently or as part of a dental team.

Due to my education and experience in dental hygiene, I know I would be an asset to your practice. I have a good grasp on the business of dentistry. Improving oral health is my number one concern, but I also understand that dentistry is a business. My goal is to not just be an employee, but rather a professional teammate in helping your practice grow and be successful. Through my knowledge of dentistry, I will do everything possible to improve your patient's oral health. This will be through oral hygiene instructions, assessment of patient presentation and detection of potential of restorative cases.

I know my job is not complete once leaving the office for the day. I will take the time, when I'm not working clinically, to better educate myself by reading dental journals, message boards and websites. This will ensure your patients are being treated by the best hygienist possible, and you will have a dental hygienist who cares about your practice being successful.

Thanking you in advance for your time,

Maria Inersy Nunez, R.D.H.
