THE POINT Community Development Corporation is a non-profit organization dedicated to youth development and the cultural and economic revitalization of the Hunts Point section of the South Bronx.

Minds Empowered aims to create a safe space for women-identified, male-identified & gender non-conforming youth. We work to provide young people with a platform to express themselves freely and become change makers in their communities.

Youth will be able to share their experiences through our quarterly zine, POP. Workshops will also cover topics such as social justice, body image, creative writing, graphic design and more. Together we will learn, grow, and heal.
